Art Unit: 1712

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Joseph C. Gil on July 28, 2005.

Claim 14, lines 7-8, delete "(calculated as OH, molecular weight 17)".

Claims 14-16, the last lines, after "10.0%" and "4.0%", respectively, insert --based on the weight of the hydrocarbon resin--.

The following is an examiner's statement of reasons for allowance:

The 35 U.S.C. 112, second paragraph, rejection has been resolved by defining the OH content of the phenolic OH groups-containing hydrocarbon resin as being based on the weight of the hydrocarbon resin.

The terminal disclaimer filed June 20, 2005 overcomes the obviousness-type double patenting rejection involving U.S. Patent No. 6,060,574.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Robert Sellers whose telephone number is (571) 272-1093. The examiner can normally be reached on Monday to Friday from 9:30 to 6:00. The fax phone number for the organization where this application or proceeding is assigned is (571) 273-8300.
